Dear IRT,

We have received confirmation that each of you should have received your copy(ies) of the Petersen Ranch BEI. With receipt of this document, in which we have made the changes requested by each of you and your respective legal counsels, it is our understanding that the Corps will be issuing their letter calling for signatures.

We have included signature blocks for each of your agencies on separate pages so that the signing parties can sign and distribute the signed BEI page to Shannon once she gives the go ahead. It would be great if electronic copies of the signed pages could also be distributed to everyone on this email list.

Thank you all again for your hard work on this project, as you can see by the size of the box you received, it was a complicated project.

If there is anything else you need from our end please let me know,

Nate
